Re: Letter from J. Schulz re: Dog Bite.

Council will recall at their meeting held May 13th, 2019 a letter from J. Schulz was referred to the Planning & Development Executive Committee for their recommendation.

The Planning & Development Executive Committee at their regular meeting held May 21st, 2019 discussed the issue brought forward by Mrs. J. Schulz with the By-Law Enforcement Department.

By-Law Enforcement advised the Planning & Development Executive Committee that the issue outlined in the letter have all been resolved. In reference to the request to make changes to the Animal Control By-Law to restrict where animals can be leashed on private property, the By-Law Enforcement Department is recommending that the Planning & Development Executive Committee make no changes to the By-Law. Animal owners can leash their animals on their property where they wish. The By-Law speaks to animals being at large and vicious animals already and there is also Provincial Legislation, that also can be used as a tool to deal with these types of issues.

Therefore, with this stated, the Planning & Development Executive Committee is recommending that Mayor & Council receive the letter as information and take no further action.

Respectfully submitted,
