FORT FRANCES FIRE & RESCUE SERVICE RESPONDED TO 14 EMERGENCY RESPONSE CALLS DURING MARCH 2018.

Total Hours:

A total of **9.5 Hours** was spent on responding to emergency incidents; a total of **113 Hours** was spent on training.

Training is the primary factor in handling an emergency incident. As a team, we need to continue with educating ourselves, and train to known standards, as well as set the bar high ... our citizens of Fort Frances, and visitors deserve nothing less!

Meanwhile, we have started to train one of volunteer firefighters for fulltime relief; the training consists of 384-hours of training. As well, another volunteer firefighter will begin his training when his work schedule and family life permits.

For 2019, we will look to budget for more volunteer firefighters to train for fulltime relief.

Time of Day:

During this month, **93%** of our calls for service occurred on the Day Shift between 07:00 & 19:00 and **7%** of our calls for service occurred during the Night Shift between 19:00 & 07:00.

Public Fire Safety Education / Public Events / Public Service / Highlights:

Weekly Fire Safety Tips continues in the Thursday edition of the Fort Frances Bulletin. As well, we stated to share a Weekly Fire & Life Safety Tip on our towns official Facebook Page.
