Re: FFCBC Request Letter.

---

As you will recall at the Council meeting held on Monday June 14<sup>th</sup>, 2021, Council referred the attached FFCBC request letter to the Planning & Development Executive Committee.

The Planning & Development Executive Committee reviewed the FFCBC request letter at their meeting on Monday June 21<sup>st</sup>, 2021. The Planning & Development Executive Committee accepted the report as presented as Administration is supportive of the request from the FFCBC and continue to work with the FFCBC members and internal divisions to ensure that the event can proceed as planned.

Therefore, the Planning & Development Executive Committee is recommending that Mayor & Council approve the request as outlined in the attached report & map outlining the request, as well as recommend that the building permit fee of \$57.00 be waived.

Respectfully submitted,
