Subject: Two Agenda Items for March 28 Council

Good afternoon:

Section 270 of the *Municipal Act, 2001* specifies as follows:

270 (1) A municipality shall adopt and maintain policies with respect to the following matters:

...

3. Its procurement of goods and services. ...

7. The manner in which the municipality will protect and enhance the tree canopy and natural vegetation in the municipality.

Accordingly, the Town of Fort Frances has a procurement policy and a tree policy. I am writing to ask that both policies be sent to the relevant executive committees for discussion, review, and update. In my view, the tree policy should go to OFEC and PDEC and the procurement policy should go to OFEC and AFEC.

I trust you can locate the relevant policies to append to the agenda to accompany this request. I suggest that this request be separated as two separate new business items on the March 28 Council agenda. This email can be used as supporting documentation for each.

Sincerely,

Douglas W. Judson

Councillor
