JUNE 2020 REPORT FROM: TYLER MOFFITT – FIRE CHIEF/CEMC

Power Pole Fire: On scene with new Pumper Fire Truck

Fire Alarms: 5 False Fire Alarm Calls.

- False Fire Alarm due to cooking
- False Fire Alarm due someone cleaning
- False Fire Alarm due to accidental activation
- False Fire Alarm due to the Power Pole Fire and the loss of power
- False Fire Alarm due to an unknown person activating the fire alarm pull station

(CO) Carbon Monoxide / Gas Leak Calls: 1 CO Call.

For this CO call, a resident had phoned our firehall direct on the night shift and immediately got our on-shift duty officer.

Upon answering the phone, the duty officer could hear and recognized that the beeping in the background was in fact a CO alarm sounding. The duty officer immediately instructed the caller to get everyone out of the residence and to stay out.

The duty officer responded along with other fire rescue personnel and upon arrival found high levels of CO present.

Meanwhile, it is important for people to realize ... when there is a high carbon monoxide level, your CO alarm will beep four (4) times in a loud, repeating pattern. If this ever happens ... people need to get out of the home/building and call 911.

JUNE 2020 REPORT

FROM: TYLER MOFFITT – FIRE CHIEF/CEMC

MVC (Motor Vehicle Crashes): 2 MVC's, which were outside the Town of Fort Frances.

Other Calls: 1 Call, which involved extricating a person from a piece of equipment.

Public Fire Safety Education:

Weekly Fire & Life Safety Tips continue to be published in the Thursday edition of the Fort Frances Bulletin.

As well, we continue to post a weekly Safety Share on our towns official Facebook Page.

This month we thank the fine people of the Fort Frances Times for their many years of continuing support of Public Fire Safety Education in the Town of Fort Frances.

The history of our community's newspaper supporting Public Fire Safety Education is one that goes back well into the 80s when Public Fire Safety Education was really starting to be rolled out in a more consistent format.

Well done Fort Frances Times!

[Duane Hicks](#)

Benjamin Briere, left, gave a high-five to Sparky, the fire safety mascot, during "Fall Fire Safety Day" at Canadian Tire on Saturday. The Fort Frances Fire and Rescue Service was on hand to promote fire safety—especially to get the message across that working smoke alarms save lives and residents should test theirs every month. The Red Cross also had a booth there.
