Re: Taxi By-Law amendment requests from 539989 Ontario Limited. (North-Air Services)

---

Council will recall at the regular meeting held August 26, 2013 a letter from 539989 Ontario Limited (North-Air Services) in regards to amendments to the taxi regulations was referred to The Planning & Development Executive Committee for their recommendation.

The Planning & Development Executive Committee at their meeting held September 3, 2013 directed that By-Law Enforcement conduct additional research with other Municipalities within our district and contact provincial agencies (OPP, MOL & MTO) to gather the required information for PDEC to make an informed recommendation to Council.

At their meeting held September 16, 2013 By-Law Enforcement presented The Planning & Development Executive Committee with an information report, which is attached for your reference along with all supporting documentation.

The Planning & Development Executive Committee is recommending to Council the following recommendations for letter dated August 19, 2013:

Items 1 & 2

The Town of Fort Frances does not have the regulatory authority to implement such regulations as per the Municipal Act as well as have the adequate enforcement personnel to enforce such regulation.

The current enforcement authority in regards to traffic complaints is the Ontario Provincial Police by way of the Highway Traffic Act. Should the public have concerns with a motorist they should be urged to contact the OPP at the time of the incident and allow them the opportunity to investigate the concern.

Therefore, recommendation is to not support these items.

Item 3

This request is currently covered by By-Law 57/05 by way of each taxi business keeping records of all fares and having to submit a timesheet with their respected company. Enforcement Officers can currently review any and all documentation at anytime of a business through inspection.

Item 4

Has been amended by letter dated August 30, 2013.

The Town of Fort Frances does have the regulatory authority to implement but The Planning & Development Executive Committee at this time is recommending to Council that we do not amend the By-Law due to a number of factors. The first is that there is not enough supporting evidence (lack of demand or over demand) to limit the number of taxicabs, which operate. Secondly, The Planning & Development Executive Committee is not inclined to restrict elements of free enterprise within the community and feels that this could potentially limit a business or prospective businesses ability to operate.

Therefore, recommendation is to not support item 4.

---

As per the direction from The Planning & Development Executive Committee meeting held on Tuesday September 3, 2013, the By-Law Enforcement Department was directed to research the attached letters from North-Air Services for business licensing amendments for taxi operators.

My research was conducted with the following Municipalities & Cities:

- 1) Atikokan: Does not currently have a by-law in place to license taxis.
- 2) Red Lake: Has a by-law that is very similar to Fort Frances. Does have a limit on number of taxicabs operating within the Municipality it is 14 vehicles that are allowed to be licensed within Red Lake. No limit on driver's hours. They leave that up to individual taxi company to set up their own schedules for work.
- 3) Sioux Lookout: Has a by-law that it is similar to ours. Does not have a limit on taxicabs nor do they enforce the hours for drivers.
- 4) Kenora: Has a by-law, which does have a limit on the number of taxicabs operating within the City. (1 taxicab for every 250 people, which would equal 60 taxicabs that are allowed to be licensed within the City). This number is based on the last Provincial Census, which states that the population of Kenora is 15,000 people. Kenora does not enforce hours for drivers.
- 5) Thunder Bay: Has a by-law, which does have a limit on the number of taxicabs operating within the City. (1 taxicab for every 1500 people. Which would equal 73 taxicabs that are allowed to be licensed within the City). This number is based on the last Provincial census, which states the population of Thunder Bay is 110,000. The City of Thunder Bay does not enforce the hours for drivers, as this would be an employment

standards issue or an issue that the local police would deal directly with the Taxi Operator.

- 6) Dryden: Does have a by-law again it is similar to ours. There is no limit on the number of taxicabs that operate within the Municipality. Dryden does not limit the hours a driver can operate.

The Municipal Act: Refer to exert of Section 156.

The Ontario Provincial Police have the legal authority to investigate and handle any traffic complaints (Highway Traffic Act). Should someone in the public have a concern about a motorist, they should be urged to call the OPP and report the incident, thus allowing them the opportunity to investigate the motorist immediately.

This office currently has voicemails left with the Ministry of Transportation (MTO) Enforcement Branch in Fort Frances and the Ministry of Labour (MOL) to request their response to these requests.

This office has also received a fax from North-Air Services regarding statistics of their financial losses for you to consider.
