Re: Traffic Control By-Law #21/14 Amendment G.

---

The By-Law Enforcement Department has received a few requests for removal of Private Parking Spaces and Church Loading Zones from businesses/churches who currently have stalls designated. The attached Draft By-Law Amendment G is attached for your reference.

As this is a housekeeping item and normal practice for this department. The signage for these locations has already been removed and the parking spaces have resorted back to the necessary traffic controls currently in place in the area and are back open for public use. (For instance, the stalls located within the BIA Area have resorted back to 2 Hour Parking).

The Planning & Development Executive Committee is recommending that Council approve the report as presented and direct Administration to have the By-Law Amendment prepared for signing by Mayor and Clerk.

Respectfully submitted,
