Report To: Fort Frances Senior Center Board of Management

From: Aaron Bisson, Manager of Recreation and Culture

RE: Website Report

At the request of the Fort Frances Senior Centre Board a review of the website to ensure it was up to date was undertaken. While looking at the website it was determined that a couple of areas needed updating such as the current board makeup, but that most information on the page was in fact up to date.

Taking into consideration the population that is using the website a simpler approach to the layout currently on the website has been considered. The website was showing a standard schedule and information about the Fort Frances Senior Centre, however with the Centre closed this might be confusing to some people. A temporary change to the website has been requested to show where activities are being held and the dates and times they are being held.

This may make navigating and understanding the offerings at the Fort Frances Senior Centre easier while under COVID. The change has yet to be completed due to the IT Manager being off and dealing with some urgent matters but will be dealt with in due course.

Respectfully Submitted,

Aaron Bisson
