

Date: June 18th, 2018

Report To: Mayor & Council.

From: Patrick Briere, By-Law Enforcement Officer

Re: Temporary Traffic Control By-Law for Mill Road Bridge/Overpass Rehabilitation & 2018 Road Reconstruction, Watermain & Sewer Replacement Project (Contract 18-OF-03).

As you are aware Council has approved the Mill Road Bridge/Overpass Rehabilitation & 2018 Road Reconstruction, Watermain & Sewer Replacement Project (Contract 18-OF-03). This project will be beginning on June 11th, 2018 by Makkinga Contracting.

This report has been written as this department along with the Clerk's Office and Operations & Facilities are responsible for ensuring that a temporary traffic control by-law is implemented for this construction project. This temporary by-law allows enforcement staff to be able to ensure the adequate flow of traffic through the detour and construction areas, throughout the project.

Attached to this report for your reference are a copy of the draft temporary traffic control by-law and map outlining the project.

The Planning & Development Executive Committee at their meeting on June 18th, 2018 is recommending that Council approve the proposed temporary traffic controls and parking restrictions as presented and direct that a by-law be drafted for signing by Mayor and Clerk.

Respectfully submitted,

Original Signed by

Patrick Briere
By-Law Enforcement Officer

<p>Council approval of this report will: approve the recommendations as presented and authorize that a by-law be prepared for signing by Mayor & Clerk.</p>
