To the Clerk:

Re: Petition for an Outdoor Splash Pad Water Park

I enclose herewith a petition signed by almost 300 community members. The petitioners seek the following action from the Council of the Town of Fort Frances:

WHEREAS the Town of Fort Frances is in dire need of improved recreational amenities and tourism assets for youth, children, and families;

NOW THEREFORE we call upon Council of the Town of Fort Frances to designate an appropriate location for a splash pad water park and for the necessary expenditures to be costed in 2021, and budgeted starting in the 2022 capital budget, for a splash pad to be constructed and operated by the municipality no later than 2023.

The petition has been prepared and completed in the form prescribed by Council.

In accordance with section 15.5 of the *Procedural By-Law*, I request that this item be tabled as part of the Consent Agenda of the regular session of Council, scheduled for November 8, 2021, with the following resolution:

That the petition be referred to the Planning and Development Executive Committee for recommendation, with input from the Operations and Facilities Executive Committee.

Thank you for your assistance.

Sincerely,

Douglas W. Judson
