

TO: Mayor Avis & Members of Council
FROM: Laurie Witherspoon, Treasurer
DATE: December 4, 2014
SUBJECT: 2015 User Fee Schedule

BACKGROUND

At the November 24, 2014 Council Meeting, the 2015 User Fess Schedule Treasury Report 2014/126 supporting a 2.6% increase in accordance with the published CPI for the Province of Ontario was approved as recommended by Executive Committees.

Approval of that report authourized a general 2.6% increase for the 2015 User Fees with the exception of any specific fees that have been identified to remain at the 2014 user fees, new rates established, or any user fees that required individual evaluation, and with the exclusion of water & sewer rates that will be brought forward separately in January/February of 2015. Further, that the 2015 User Fee Schedule of rates would be brought forward to a Special Committee of the Whole meeting on December 8, 2014 for discussion and review.

All division user fees have been consolidated into the 2015 Schedule of Fees as attached to this report for Council's consideration. In order to have the schedule of fees enacted for January 1, 2015, Administration is seeking Council's approval to bring forward the authorizing by-law to enact the 2015 Schedule of Fees at the December 15, 2014 Council Meeting.
