Highlights from: Tyler Moffitt - Fire Chief/CEMC

»**CALLS FOR EMERGENCY SERVICE:** THE FORT FRANCES FIRE & RESCUE SERVICE RESPONDED TO **52 EMERGENCY CALLS FOR SERVICE** DURING JANUARY 2017.

»**Total Hours:** A total of 35 **Hours** were spent on responding to emergency incidents, in addition to two (2- hour Fire Practices).

»**Time of Day:** During this month **59%** of our calls for service occurred on the Day Shift between 07:00 & 19:00 and **41%** of our calls for service occurred during the Night Shift between 19:00 & 07:00.

»**Public Fire Safety Education:** The local Air Cadets visited the Fire Hall for an over view of the Fire & Rescue Service, as well an overview of our Public Fire Safety Education.

»**Public Events:** No events during the month of January.

»**Fire Prevention Inspections:** There was a total of 7 (Seven) Re-Fire Inspections. Please be aware, after a fire prevention inspection ... there are many times where fire orders are given, which require follow-up of our personnel. For this month, all the Fire Prevention Inspections were follow-ups, involving post inspection completion.

»**Emergency Medicals Service (EMS) Response Calls:** Emergency Medical Service (EMS) requests, accounted for **71%** of our calls. Note: **5 (FIVE) of our EMS calls** were "**LEVEL ZERO CALLS**" ... known as "**FIRST RESPONSE CALLS**." These are calls where our Fire & Rescue Service were on scene in advance of the Paramedic Service, because they were unavailable at the time of the call. On two of our "**LEVEL ZERO CALLS**" our Fire & Rescue personnel waited over 30 minutes on January 10th for paramedics to arrive, and close to 40 minutes on January 15th. As well, there were times this month where our On Duty Firefighter responded to "**VITAL SIGNS ABSENT CALLS**." **These are known as "VSA Calls."**

»**Fire Response Calls:** There was a total of 3 (Three) Fire related calls this month. Two of the fires were vehicle fires, and the other fire related close call was plastic melting on the element of a dish washer heater.

»**Motor Vehicle Crashes (MVC's) Response Calls:** There was a total of 5 (Five) MVC Response Calls this month, with two of the MVC's being of a serious nature. On January 12th our Fire & Rescue Team Responded to Watten Township on Highway 11 near Reef Point Road for a two vehicle MVC. Our team assisted paramedic's in removing patients from a vehicle. On January 31st, the on duty Fire Chief and two full time fighters responded directly from our fire hall to a Two Vehicle MVC on Kings Highway near the cemetery. As well, we had requested a page for a Division Call, which consisted of all full time fire fighter's and half of the volunteer firefighter's. On duty full time fire fighters Gavin Payne and Wayne Riches utilized our eDRAULIC's JAWS-OF-LIFE to remove a drivers side door of a pickup truck, due to the driver (patient) being trapped. Our team then assisted the paramedics with the safe removal of the patient.

»**Carbon Monoxide (CO) & Hazardous Material (Hazmat) Response Calls:** There was 3 (Three) CO Calls this month; two were false alarms and another was an actual **Carbon Monoxide (CO) Response Emergency**. As well, there was an actual **Natural Gas Leak**, which our Team Members responded to.
