Re: Temporary Traffic Control By-Law for Colonization Road East Road Reconstruction, Watermain & Sewer Replacement Project.

The Colonization Road East Road Reconstruction, Watermain & Sewer Replacement Project will be beginning on May 30th, 2016 by Makkinga Contracting.

This report has been written as this department along with the Clerk's Office is responsible for ensuring that a temporary traffic control by-law is implemented for this construction project. This temporary by-law allows enforcement staff to be able to ensure the adequate flow of traffic through the detour and construction areas, throughout the project.

Attached to this report for your reference are a copy of the map outlining the project and detour areas.
