**From:** Museum

**Date:** Feb 6, 2017

**Re:** Ontario Trillium Foundation Contract – Canada 150 Capital Funding

---

**Background**

The Museum's Canada 150 application has been approved for funding for a new museum roof, wheelchair accessible ramp to bypass the front steps, and one accessible washroom to replace the two small ones presently in the museum foyer.

We applied for two separate grants, one federal and one provincial, both under the Canada 150 umbrella. Each application made a request for half the funds required: \$77,000 from FedNor, and \$77,000 from Trillium, which together equal \$154,000.

The Ontario Trillium Foundation has approved the provincial funding. We are looking for approval to sign the contract and proceed to the next step.

Respectfully submitted,

Sherry George, Museum Curator

<p><b>Council approval of this report will</b> sanction the grant agreement with the Ontario Trillium Foundation, execution by Mayor and Clerk, and forthcoming bylaw.</p>
