Fort Frances, On.

August 15, 2013

To whom It May concern,

As both a prior taxi cab owner/operator, and a consumer, I consistently see the need for increased taxi service.

Wait times for taking a cab are often lengthy, causing a person to be late for appointments, or to take their personal vehicles when they should be no need to.

Our seniors who have given up or lost their drivers license depend on safe transportation. This includes getting to and from the vehicle in inclement weather. I have seen cab drivers sit in their cars and not offer assistance to these people Courtesy and service to our citizens should be a priority in the customer service field.

I feel a new taxi service will enhance what is currently available

Thank you for your consideration in this matter.

Sincerely,
