I support the name change but am troubled by the anger and aggression that is occurring with some names chosen. My own 1st letter was written quickly to one person without my realization it was going public and making highlight of the week on Borderland Pride. I am definitely not homophobic and my first attempt was not perceived as intended around an option I thought was neutral and meaningful. For that, I apologize. I would like to submit Veterans Road or Shoreline Trail as two options to consider .Thank you .
