Re: Brewery Definitions and Zoning –Zoning By-law Amendment

Recent meetings with a nanobrewery entrepreneur, and economic development consultant have sparked much discussion about breweries within the Fort Frances community. Currently our zoning by-law does not define different types or scales of breweries, nor the zones in which they may be permitted. The proposed nanobrewery within the downtown business district is not specifically defined at this time, though given the small (nano) scale and “tasting room” atmosphere our planning consultant believes it fits well within our current General Commercial ‘C2’ Zone.

Throughout various discussions it was made aware that there is further interest from another party regarding a proposed microbrewery of larger scale than noted above.

Extensive research has been conducted through audits of multiple zoning by-laws across the province. Supporting information has also been obtained through conversation with a near-by microbrewery.

The intent of this report is to define different scales of brewery operations and to accompany these with general provisions while allocating them into best fit zones.

The following documents are attached:

- Schedule A: Proposed Zoning By-law Amendments

Support from PDEC on the proposed recommendations will provide administration with the support necessary to enact the process of a zoning by-law amendment.

Respectfully submitted

Schedule A

Proposed Zoning By-law Amendments

Definitions:

Microbrewery

A brewery completely contained within a structure that produces 300,000 litres or more, but less than 1,500,000 litres of beer per year.

Nanobrewery

A brewery completely contained within a structure that produces less than 300,000 litres of beer per year.

General Provisions:

3.38 Breweries

No person shall construct, permit to construct, or operate a brewery of any scale unless it complies with all applicable federal, provincial and municipal law and statutes. All brewery operations shall submit a wastewater management plan to the Operations and Facilities Division for approval prior to operation. All brewery operations shall comply with section 3.18 of this by-law regarding obnoxious uses. Brewery operations within the Light Industrial zone may not be municipally restricted on production volume but must comply with all federal and provincial production approvals and licenses.

3.38.1 Microbrewery

Microbreweries sell to the public by one or more of the following methods: the traditional three-tier system (brewer to wholesaler to retailer to consumer); the two-tier system (brewer acting as wholesaler to retailer to consumer); and directly to the consumer through carryout and/or on-site tap-room or restaurant sales. Ancillary tasting of beer shall be permitted.

- a) On-site taproom and restaurant sales shall not be permitted within the Industrial District.

3.38.2 Nanobrewery

Nanobreweries sell to the public by one or more of the following methods: the traditional three-tier system (brewer to wholesaler to retailer to consumer); the two-tier system (brewer acting as wholesaler to retailer to consumer); and directly to the consumer through carryout and/or on-site tap-room or restaurant sales. Ancillary tasting of beer shall be permitted.
