Mayor and Council
Town of Fort Frances
320 Portage Avenue
Fort Frances, ON P9A 3P9

Delivered by Email to cvangel@fortfrances.ca

Dear Mayor and Council:

RE: It's Time to Rename Colonization Road

We write in response to your public consultation about whether to rename Colonization Road in the Town of Fort Frances.

To be clear: there is no longer any debate that the name 'Colonization Road' is inappropriate. It is offensive and hurtful to your citizens by celebrating historic and ongoing wrongs—wrongs committed in the past and the impacts of those actions which continue to be felt by those who live here today.

'Colonization Road' honours an inherently racist concept that stands for the subjugation of Indigenous people and commemorates the violence and suffering they experienced at the hands of colonial powers. This is widely recognized. As pointed out in the town's consultation pamphlet, the name 'Colonization Road' likely infringes Ontario human rights and discrimination laws and is contrary to the Calls to Action of the Truth and Reconciliation Commission of Canada.

In light of these realities, council has taken far too long to reach what should be an obvious conclusion — especially given its own recent commitments to reconciliation. We note the words of the Declaration of Intent and Friendship that was ratified with the Agency One First Nations, and the municipality's new strategic plan, which committed the town to a more respectful relationship with local Indigenous communities. These documents signified a desire to build a new relationship between local settler and Indigenous communities. Did the municipality mean what it said or not?

We continue to hear some in our community make excuses for not making this change, but not a single person has been able to point to any evidence that there is any cost or logistical issue that cannot be managed. Unsurprisingly, none of these critics has been Indigenous, and in fact, it has been explicitly confirmed numerous times that there is no cost to update one's address. Private citizens have even offered to cover the cost of the new signage.

It is also increasingly apparent that the longer council allows this debate to drag on, the more oxygen it is giving to bigotry and prejudice in our community. This is destructive to the social fabric of our community, and is almost as harmful to the reputation of Fort Frances as the 'Colonization Road' signs themselves. There is no good reason for Fort Frances to hold off any longer, particularly now that Kenora, Dryden, Emo, and numerous other municipalities have made this change. Frankly, it's embarrassing that we are among the last to get this done.

The name Colonization Road is an insult to our citizens, neighbours, and visitors alike and the resistance to change is steeped in latent and explicit racism. So what, exactly, is council waiting for? There is political will, legal compulsion, and moral conviction to get this done. Let's rename Colonization Road now, and use this opportunity to install a new name that reflects our local Indigenous heritage.

We are counting on your leadership to make this happen and to do so for the right reasons, without further delay.

Sincerely,

	I am Indigenous	I don't live in Fort Frances but work or attend school there	I live on a First Nation reserve	I don't live in Fort Frances but my family does	I used to live in Fort Frances but moved
