30th ANNUAL COMMUNITY CHRISTMAS DINNER – DECEMBER 25, 2017

Dear Sir/Madam:

November 24, 2017

The Fort Frances Volunteer Bureau will once again be organizing this year's community Christmas dinner. The dinner allows those less fortunate or without family to enjoy a meal, fellowship and comradery in the company of others on Christmas Day. 2017 will mark the thirtieth year that the Fort Frances Volunteer Bureau has hosted this community event. This year's event will once again be held at Knox United Church.

We are now seeking the community's assistance in the donation of much needed supplies in order to continue this tradition. Every year the dinner relies on the support of local community businesses to make this dinner so successful. Each year we serve on average over 200 people in person as well as around 70+ 'meals on wheels' deliveries to homes around the community.

Again, this event would not be possible without the support of the business community. Food donations of items such as turkey, ham and stuffing are always much appreciated. Monetary donations to help purchase perishables and items not donated are also very valuable and much appreciated as well.

Charitable receipts are available upon request. If you would like to make a donation but are not sure what to donate please contact the Volunteer Bureau at 274-9555 and we would be happy to assist you. Finally, volunteers to help make this event a success are always appreciated as well.

Thank you in advance for your consideration of this request as we enter into the Christmas season.

Sincerely,

Matt Soprovich
Director, Fort Frances Volunteer Bureau

Municipal Emergency Plan

Municipality of	FORT FRANCES
Designation	TOWN
Region/District	RAINY RIVER DISTRICT
Published	November 2011
Revised	November 2017

1.0 INTRODUCTION

1.1 Preamble

Municipal departments routinely respond to situations requiring fire, police, ambulance, and public works services; however, some situations may escalate beyond the scope of normal operations. These situations need to be dealt with via an emergency plan. The Town of Fort Frances Emergency Plan is a generic and flexible document, adaptable to any emergency situation.

While many emergencies could occur within the Town of Fort Frances, the most likely to occur are: severe storms, floods, air or rail crashes, toxic or flammable gas leaks, transportation incidents involving hazardous materials, electric power blackouts, uncontrollable fires, explosions, or any combination thereof. **(See Appendix J)**

The Town of Fort Frances Emergency Plan is a tool to assist emergency personnel in their response to such situations. In order to use this tool to its full potential, it is important that all personnel are aware of their roles and responsibilities within the response framework. To help increase this awareness, the Town of Fort Frances Emergency Plan provides for training, exercises, and evaluation.

1.2 Title

This document is the **Town of Fort Frances Emergency Plan**, herein referred to as the “Plan”.

1.3 Aim

The aim of the Plan is to provide a set of generic action guidelines to increase the Town’s ability to efficiently and effectively deploy services and resources to protect the property and the health, safety, and welfare of the residents of the Town of Fort Frances during emergency situations.

1.4 Amending Formula

Any amendments to the Town of Fort Frances Emergency Plan require an amending by-law approved by Town Council. The appendices do not form part of the Plan; proposals for amendments to the Plan or its appendices shall be submitted to the Community Emergency Management Coordinator.

1.5 **Emergency – Defined**

Emergencies are situations, or threats of serious impending situations, that will adversely affect a significant number of persons, properties or areas. A hierarchy of all messages to and from the Emergency Operations Centre shall be in accordance with the following designations:

Critical is any message with implications of imminent death or serious injury to any person or groups of persons. Emergency alerts or immediate action directives are included in this category. Emergency messages take priority over all other traffic and should be used only when absolutely required.

Priority is assigned to important messages with a specific time limit or may result in a significant impact. It also includes those official messages not covered in the “emergency” category.

Routine covers most administrative or non-critical messages that are not time limited, including routine logistics support.

It is the responsibility of the originator of the message to designate the message according to the above hierarchy. The line(s) dedicated to incoming calls to the Emergency Operations Centre shall be operated by support staff under the direction of the Administrator - EOC Manager, and shall be responsible to ensure that all messages are properly classified and routed to their intended recipients. 7.0 TRAINING AND EVALUATION

7.1 Introduction

The Plan must provide for:

- (2) individual and collective training to ensure personnel are prepared to implement the Plan; and

- (3) exercises and evaluations to practice and confirm the state of readiness of Town staff to respond to an emergency.

7.2 Definitions

Simulated Exercises:

Individual control agencies practice operational procedures without the actual deployment of personnel or resources. Common approaches to this type of exercise include paper exercises and tabletop discussions. The actions of upper and lower operations are simulated by the exercise design staff.

Specialty Exercises:

These exercises practice response to a specific risk such as: bomb threats, aircraft disaster, major flooding, or radiation spill. These types of exercises can involve a simulated approach or actual deployment of resources.

Communication Exercises:

These exercises are designed to test the emergency notification procedures or to practice or evaluate communication resources.

Emergency Operations Centre Exercises:

The Emergency Operations Centre staff shall convene to test and develop operational procedures, problem solving skills, communication systems, and interoperability within the Town of Fort Frances and other outside agencies. The conduct of these exercises is usually in the form of a paper or communication exercise with staff participating as the Emergency Site Manager and representing coordinated departmental control centres.

7.2 Definitions - continued

Major Exercise:

This exercise involves the physical deployment of resources in response to a staged emergency situation. It may be undertaken by a single department or agency, or may be conducted in conjunction with others.

Mass Exercise:

This is a wide-scale, comprehensive exercise that involves all, or the majority of responding agencies and the actual deployment and exercise of resources at all levels. A mass exercise includes the activation of the Municipal Emergency Control Group, Emergency Operations Centre and one or more emergency sites.

- (2) to promote and refine co-operation and coordination among operational teams, staff, and support groups, and command and control elements;
- (3) to stimulate and maintain interest and enthusiasm.

Departments are responsible for developing and conducting simulated, specialty, communication, and major exercises within their departments.

The Municipal Emergency Control Group shall conduct a minimum of one exercise each year. This may be a simulated or communication exercise.

7.5 Evaluation

Each department or agency is responsible for the evaluation of its Emergency Response Procedures and the readiness of its respective organization.
